

Venomous Tongues: Speech and Gender in Late Medieval England (Hardback)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which it basically modified me, altering the way I believe.

VENOMOUS TONGUES: SPEECH AND GENDER IN LATE MEDIEVAL ENGLAND (HARDBACK)

University of Pennsylvania Press, United States, 2006. Hardback. Book Condition: New. 228 x 160 mm. Language: English . Brand New Book. Sandy Bardsley examines the complex relationship between speech and gender in the fourteenth and fifteenth centuries and engages debates on the static nature of women s status after the Black Death. Focusing on England, *Venomous Tongues* uses a combination of legal, literary, and artistic sources to show how deviant speech was increasingly feminized in the later Middle Ages. Women of all social classes and marital statuses ran the risk of being charged as scolds, and local jurisdictions interpreted the label scold in a way that best fit their particular circumstances. Indeed, Bardsley demonstrates, this flexibility of definition helped to ensure the longevity of the term: women were punished as scolds as late as the early nineteenth century. The tongue, according to late medieval moralists, was a dangerous weapon that tempted people to sin. During the fourteenth and fifteenth centuries, clerics railed against blasphemers, liars, and slanderers, while village and town elites prosecuted those who abused officials or committed the newly devised offense of scolding. In courts, women in particular were prosecuted and punished for insulting others or talking too much in a public setting. In literature, both men and women were warned about women s propensity to gossip and quarrel, while characters such as Noah s Wife and the Wife of Bath demonstrate the development of a stereotypically garrulous woman. Visual representations, such as depictions of women gossiping in church, also reinforced the message that women s speech was likely to be disruptive and deviant.
