Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

(Mr. Grant Stanton PhD)

ECO-BUSINESS: A BIG-BRAND TAKEOVER OF SUSTAINABILITY

MIT Press Ltd, United States, 2015. Paperback. Book Condition: New. 203 x 137 mm. Language: English . Brand New Book. McDonald s promises to use only beef, coffee, fish, chicken, and cooking oil obtained from sustainable sources. Coca-Cola promises to achieve water neutrality. Unilever seeks to achieve 100 percent sustainable agricultural sourcing by 2020. Walmart has pledged to become carbon neutral. Big-brand companies seem to be making commitments that go beyond the usual greenwashing efforts undertaken largely for public-relations purposes. In Eco-Business, Peter Dauvergne and Jane Lister examine this new corporate embrace of sustainability, its actual accomplishments, and the consequences for the environment. For many leading-brand companies, these corporate sustainability efforts go deep, reorienting central operations and extending through global supply chains. Yet, as Dauvergne and Lister point out, these companies are doing this not for the good of the planet but for their own profits and market share in a volatile, globalized economy. They are using sustainability as a business tool. Dauvergne and Lister show that the eco-efficiencies achieved by big-brand companies limit the potential for finding deeper solutions to pressing environmental problems and reinforce runaway consumption. Eco-business promotes the sustainability of big business, not the sustainability of life on Earth.
