But India deserves maximum love and care from her children as she is not an ordinary country. Firstly, she is a great mother. And she is a great country too. Book tells us why India should be loved immensely deeply. It explains the exceptional greatness of India in earlier times on various counts and why India should regain her first position in the world soon. The book elaborates the concept methodology for this grand movement for quality productivity. It urges Indians to get motivation from the Gita for that. Besides, book urges Indians to help eliminate...
