

500kV power system low-carbon technologies (precision)

Filesize: 8.78 MB

Reviews

The publication is great and fantastic. It is probably the most remarkable book i actually have read through. Its been printed in an exceedingly easy way and it is merely right after i finished reading through this publication where in fact altered me, modify the way i think.
(Tomas Witting)

500KV POWER SYSTEM LOW-CARBON TECHNOLOGIES (PRECISION)

To get **500kV power system low-carbon technologies (precision)** PDF, make sure you follow the link listed below and save the ebook or have accessibility to additional information which are in conjunction with 500KV POWER SYSTEM LOW-CARBON TECHNOLOGIES (PRECISION) book.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 189 Publisher: China Water Conservancy and Hydropower Pub. Date :2011-09-01 version 1. Yi Chih-Ting editor of 500kV grid system of low-carbon technologies from the network planning point of view. made possible the use of special high-voltage transmission technology. with multi-circuit transmission tower technologies. compact. and flexible AC transmission technology. transmission technology. low carbon planning; will also build low-carbon ideas combined with the smart grid concept. using a smart remote control. unmanned. only a few duty and zero discharge of wastewater stations. the principle of saving the land. reducing construction costs. reduce radio interference and noise. Meet the low-carbon ideas for new equipment. new materials. made possible the use of combinations. three-phase transformer. pumping to high resistance. amorphous alloy transformers. photovoltaic power generation equipment. new equipment and the use of new wire. energy saving fittings. glass. steel composite materials. high-strength steel and other new materials. 500kV grid system of low-carbon technologies for electric power planning and design. electrical construction and operation of electricity and other related personnel. Contents: Preface Chapter 1 sequence 1.1 Background 1.2 Introduction 1.3 Research Objectives 1.4 Research significance of the principle of low-carbon planning Chapter 2 2.1 west to east project network planning 2.3 2.2 2.4 New key projects in energy planning the layout of the new technology 2.6 2.5 Chapter 3 Prospect of low-carbon planning substation substation design status of low-carbon design 3.1 3.2 3.3 Electrical design a low-carbon intelligent substation control and protection system of intelligent substation auxiliary systems 3.4 3.5 3.6 Other low-carbon building design construction of low-carbon lines in Chapter 4 Transmission line design of low-carbon design 4.1 500kV status of low-carbon design transmission lines 4.2 Chapter 5 5.1 mix of...
