Createspace, United States, 2011. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Subtitle: Thrilling Adventures in Fantasy Among the subjects covered, is time travel, living prehistoric monsters of the deep, Alfred Hitchcock -- a master of Sci-Fi as well as suspense, Bigfoot -- a mystery finally solved?, and UFOs -- a subject of reality and science fiction. With this book (at approximately 9,712 words in length), I have returned to my short story roots. I feel that stories of science fiction give many of us a nice little departure from the difficult realities of life and a short vacation from our problems. While we know the stories are derived from fantasy, we still find pleasure in contemplating the what ifs they present to our adventurous minds. It is my hope that the stories and tributes within the chapters of this book will do this very thing for its readers. - Jim Lowrance
