

Architectural Lighting: Designing with Light and Space

By Herve Descottes, Cecilia Ramos

Princeton Architectural Press. Paperback. Book Condition: new. BRAND NEW, Architectural Lighting: Designing with Light and Space, Herve Descottes, Cecilia Ramos, Architectural Lighting, the latest addition to the Architecture Briefs series, provides both a critical approach to and a conceptual framework for understanding the application of lighting in the built environment. The key considerations of lighting design are illuminated through accessible texts and instructional diagrams. Six built projects provide readers with concrete examples of the ways in which these principles are applied. Short essays by architect Steven Holl, artist Sylvain Dubuisson, and landscape architect James Corner explore the role of lighting in defining spatial compositions.

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
