## ASTM Volume 15.11 Consumer Products; Light Sport Aircraft; Unmanned Aircraft Systems; Normal and Utility Category Airplane Electrical Wiring Systems; Unmanned Maritime Vehicle Systems (UMVS); Language Services and Products

By ASTM

ASTM, 2012. Paperback. Book Condition: New. Trade Paperback. New. Clean, tight and unmarked. These standards address: Consumer Products - consumer safety specifications, guides, and performance requirements cover products such as public and home playground equipment, juvenile products, toys, furniture, candles, and pool safety. Light Sport Aircraft - Design, performance quality acceptance tests and safety monitoring for light sport aircraft (LSA) and their components. Includes all types of LSA - airplanes, sailplane, weight shift control, Lighter-than-air, gyroplane and powered parachutes. Also provides documentation in the form of checklists and audit guidance for compliance with the standards and regulation. Unmanned Aircraft Systems - covers airframe design and performance issues, operational and software issues, and pilot/crew qualifications issues for small and large UAS. Includes standards for the design and performance of small and large UAS and their components, sense and avoid system performance guidance, and knowledge requirements for the crew operating UAS. Normal and Utility Category Airplane Electrical Wiring Systems - features standards on the inspection, maintenance, repair, and alteration of electrical wiring systems in general aviation aircraft. Unmanned Maritime Vehicle Systems (UMVS).

### Reviews

*This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Keanu Johns**

*This is the finest book i have read until now. It is filled with wisdom and knowledge You can expect to like just how the author compose this ebook.*
