Reviews

This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at at any time of your own time (that's what catalogues are for about if you ask me).

Excerpt: . . . 11 less expenditure of money. The Postal Service and Post Office have been up in the air much too long and it is time to get back on terra firma. There is no need or demand for this experiment. And one of my favorites, Along with the spineless cactus, the motherless chicken, and the seedless raisin, do we really want trackless travel now So we have always been controversial. We are very big, we un-derstand that. But we have always used technology. We have been a technology user and the country has benefited from that use. Our Internet strategy is both simple and comprehensive. We want to use the Internet for internal efficiencies, like any company would. We need to add value to our core products and services through the richer, more effective channels through which you can reach us. And finally, we want to introduce e-commerce initiatives. E-commerce initiatives, as Mr. Ungar indicated, are those prod-ucts that require the Internet to do business and that generate rev-enuue to the Postal Service through either user charges or licensing fees. That is the definition that we have set and that is the way we are approaching this. And while to many businesses the exact definition would be an arbitrary and unnecessary thing to discuss, we know it is important in this space because we know that there are issues of cross-subsidization and other things that have to be dealt with. So we are not trying to...
