Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Otia Conchologica: Descriptions of Shells and Mollusks, From 1839 to 1862 The following pages are the result of studies in Conchology, pursued as a diversion during the casual moments which intervene in the daily routine of business. They are the product of leisure moments in active professional life, - OTIA, - and, indeed, to no small extent, of moments stolen from sleep. Short papers, from time to time, have been published in several periodicals. Extra copies of the sheets relating to the Shells of the Exploring Expeditions under Captains Wilkes and Rodgers were secured as they were originally printed. This will account for the diversity of type and paper which appears in the volume. To obviate the difficulty of possessing or consulting numerous volumes, I have collected and reprinted, in addition, all the descriptions I have hitherto published; making also such emendations as the advance of science during this lapse of time demands. The dates of each imprint will be found at pages 100, 178, or connected with the title of each extract. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
