Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. The Mean Streets Books are about the service years of the author in the South African Police Force - 1985-1991. The Police Force had almost nothing in common with a Sheriff s Department. The policemen were fighting as light mechanized infantry besides being policemen. We dealt with violent crime, counter-terrorism, counter-insurgency and full scale riots on a daily base. It is much more than a biography about policing the mean streets.the books explain how an honorable police force became an instrument of terror. It is a stark warning on what happens when unscrupulous politicians get control of a highly disciplined police force and there is no Bill of Human Rights to stop them from implementing the laws, no matter how unfair it may be. The first book is a brutally honest and unconventional account of the Author s basic training and other events at the South African Police College in Pretoria.
