Andrews McMeel Publishing, United States, 2016. Hardback. Book Condition: New. 155 x 122 mm. Language: English . Brand New Book. The path to inner peace? Let your dog show you the way! Dogs have nailed how to enjoy living life to the fullest, in the moment, often at our expense. Dogfulness is an affectionate take on the things dogs do that drive us around the bend, but we love them in spite of their selfish dog-centered behavior. Something important is taking place in our society today: People are being dogful. At home, at work, in love and relationships, in the back of vehicles, and curled up on the sofa, being dogful is an idea, a new way of being whose time has come. It s an attitude that acknowledges and develops the best of who we are as human beings. The humorous illustrations depict dogs displaying characteristic behavior that drives their owners nuts while they remain dogful so that their actions always give the accompanying mindful quotation an ironic and amusing twist. Containing a large number of recognizable situations for every long-suffering dog owner, this book is guaranteed to raise a laugh and a knowing nod as well as persuade the reader to stop and think.
