Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Royal Gifts for the Kindergarten: A Manual for Self Instruction in Friedrich Fröbel's Principles of Education Kindergarten Education in our country has greatly increased during the past decade. One of the chief reasons for this is the fact that a correct knowledge of the system, has never, until recently, been generally promulgated. The remarkable enthusiasm created by the few lecturers upon the subject, and the great success of Kindergarten schools founded on this system, has called forth a more general inquiry concerning its merits. It is proposed in this volume to present an outline of the Kindergarten plan, as invented and developed by Friederich Froebel, of Germany. It is conceded that no other system will so fully meet the requirements of the parent, teacher and child, when faithfully carried out in all of its important features. Kindergarten culture, says the author of Moral Culture of Infancy, is the adult mind entering into the child's world, and appreciating nature's intention, as displayed in every impulse of spontaneous life, so directing it that the joy...
